## Gender Pay Gap Report

We are an employer required by law to carry out Gender Pay Gap Reporting under the Equalities Act 2010 (Gender Pay Gap Information) Regulations 2017.

The data is based on all relevant full-pay employees as at 5<sup>th</sup> April 2020. (Data from our 2019 report is shown in brackets for comparison)

We are required to publish six key metrics under the Act:

1. The difference in the mean pay of full-pay men and women, expressed as a percentage
2. The difference in the median pay of full-pay men and women, expressed as a percentage
3. The difference in mean bonus pay of men and women, expressed as a percentage
4. The difference in median bonus pay of men and women, expressed as a percentage
5. The proportion of men and women who received bonus pay
6. The proportion of full-pay men and women in each of the four quartile pay bands

## Understanding our pay structure

- As an employer we are committed to the principals of paying men and women equally for undertaking the same work.
- Owing to the nature of the roles within the business, we have more female than male employees occupying roles towards the lower end of the salary structure.
- Our gender pay gap remains below the national average.

## How we are looking to tackle the Gender Pay Gap

In our efforts to continue to minimise the pay gap between our male and female employees over the next 12 months, Services For Education commits to:

- Monitoring the effectiveness of our recruitment processes to promote and improve diversity

- Ensuring that all our vacancies are advertised in a way that will return a diverse pool of applicants to choose from, with the aim of encouraging women to apply for or be promoted into leadership roles, where such opportunities become available
- Encouraging flexible working to support both our male and female employees' balance their careers with their commitments outside of work
- Promote the benefits of paternity leave, parental leave and shared parental leave
- Supporting women returning to employment following leave for maternity or caring reasons, in order to maximise the contribution that their experience and skills can bring to the organisation
- Annually monitoring pay and reward to ensure that pay differences in grades are reduced, where possible.

Services For Education is committed to equality of opportunity in employment. Our aim is to recruit, retain and develop employees based on merit, competence and potential. We are committed to promoting a positive work environment for our employees and ensuring employees are given every opportunity to fulfil their potential.

On behalf of Services For Education, I can confirm that the above figures are accurate and that the Senior Leadership Team is committed to the on-going reduction of our gender pay gap.
